

Battery Cabinet Battery Replacement Plan

Where do I install a line-up and match Battery Cabinet? Line-up-and-match battery cabinets are installed adjacent to the UPS. The recommended installation location is on the right side of the UPS cabinet as viewed from the front of the cabinet. See Figure 2 for line-up-and-match configuration view. Figure 2. Eaton 93PM 50 kW or 100 kW UPS and Two 93PM Integrated Battery Cabinets Where is the battery cabinet located? The battery cabinet may be located to either the right or left of the UPS cabinet. The recommended location is to the right of the UPS cabinet. This procedure assumes the battery cabinet is located to the right of the UPS cabinet. 15. Can You Lay tools on top of battery cabinets? Do not lay tools or metal parts on top of batteries or battery cabinets. Refer to Chapter 3 Installation Plan and Unpacking for cabinet dimensions and weight, wiring and terminal data, and installation notes. Do not tilt the cabinets more than 10°; during installation. Failure to follow these instructions may result in severe injury or death. Where is the UPS battery cabinet located? The battery cabinet may be located to either the right or left of the UPS cabinet. This procedure assumes the battery cabinet is located to the right of the UPS cabinet. 14. If line-up-and-match installation, remove the rectangular and circular knockout on the bottom and top front side of the UPS and the IBC-SW (see Figure 9). 15. Can a battery cabinet be connected to an ups? Each battery cabinet will be directly connected to the UPS and not daisy-chained between cabinets. Standalone IBC installations with three or four IBCs require a customer supplied external tie point and circuit breaker or disconnect between the IBCs and the UPS. Up to four IBCs can be installed in a standalone configuration. What is an integrated battery cabinet-s? The IBC-S is housed in a single free-standing cabinet with safety shields behind the doors for hazardous voltage protection. Up to four IBC-Ss per UPS may be used to meet application runtime needs. The cabinets match the UPS cabinet in style and color. Figure 1 shows the Integrated Battery Cabinet-Small.
