

Canada exempts bifacial solar modules

What makes Canadian Solar bifacial panels so special? Canadian Solar has combined advanced bifacial cell technology with its double glass module manufacturing expertise to develop the ultramodern BiKu bifacial panels, which are used for utility-scale installations. Their highly durable racking frames are made with anodized aluminum alloy frames and 2mm of heat strengthened glass. Are bifacial solar modules exempt from Section 201 tariffs? The U.S. Court of International Trade (CIT) reinstated the exclusion of bifacial solar modules from the Section 201 tariffs, which was originally granted in June but revoked by the Trump Administration in October. How efficient are bifacial solar modules? They have an efficiency range of 26.1% to 27.0%, with a bifacial gain of 20%. China-based module manufacturer Canadian Solar is presenting its 700 W bifacial TOPCon solar modules this week at Intersolar Europe in Munich, Germany. What is a bifacial Topcon solar module? China-based module manufacturer Canadian Solar is presenting its 700 W bifacial TOPCon solar modules this week at Intersolar Europe in Munich, Germany. The TOPBiHiKu7 panels feature 210 mm cells and are available in six versions, with nominal power ranging from 675 W to 700 W, and a power conversion efficiency of 21.7% to 22.5%. Are bifacial solar panels duty exempt? On October 10, the President issued Presidential Proclamation 10101, removing bifacial solar panels (HTS .40.60.15) from duty exempt status. Does Canadian Solar have a 132-cell topbihiku7 Solar System? Canadian Solar is offering six versions of its 132-cell TOPBiHiKu7 solar modules, with power outputs ranging from 675 W to 700 W and efficiencies ranging from 21.7% to 22.5%. They have an efficiency range of 26.1% to 27.0%, with a bifacial gain of 20%. BiHiKu - Canadian Solar - GlobalBiHiKu Bifacial High Power Dual Cell PERC Module (Poly & Mono) * 12 years enhanced product warranty on materials and workmanship * 30 years linear power output warranty According to the applicable Canadian Solar Canadian Solar modules exported from Feb 18, –The U.S. Court of International Trade earlier this month has reinstated an exclusion for bifacial solar modules from the Section 201 tariffs that was revoked by the Trump administration a year ago. However, Canadian bifacial modules Canadian Solar's bifacial modules set new standards in efficiency and reliability. With the latest N-Type TOPCon technology and light absorption on both sides, they achieve maximum energy Canadian Solar launches 700 W bifacial Jun 14, –Canadian Solar is offering six versions of its 132-cell TOPBiHiKu7 solar modules, with power outputs ranging from 675 W to 700 W and efficiencies ranging from 21.7% to 22.5%.
