

DC Inverter Fast Charging

It converts 12V DC to 110V AC, with dual 110V AC outlets, a 65-WattPD USB-C port, and an 18-WattQC USB-A port. It can produce 600-Watt continuous power and 800-Watt instant power, suitable for charging a wide range of electronic devices such as laptops, TVs, and iPads. Portability and Versatility: Measuring just 5.4x2.75x1.4 inches and weighing 9.17 oz, the design is highly rational, lightweight, and portable, taking up minimal space. Whether storing it in a car, taking it along on a camping trip, or using it as part of a mobile office, it is an ideal choice.

300W This 600-Watt car power inverter is a must-have for your vehicle. It converts 12V DC to 110V AC, with dual 110V AC outlets, a 65-WattPD USB-C port, and an 18-WattQC USB-A port. It can produce 600-Watt continuous power and 800-Watt instant power, suitable for charging a wide range of electronic devices. Our cutting-edge technology enables direct access to DC power from batteries and solar panels, facilitating virtual grid capacity expansion and 100% green power charging. Now, Vehicle-to-Home (V2H) and Vehicle-to-Grid (V2G) capabilities are officially available worldwide, unlocking endless possibilities.

Fast charging: The 4 USB ports can work at the same time without turning on the switch. When used simultaneously, the total current is 6.2A; the fast charging port can shorten your charging time and fully charge your battery in one hour; the built-in on/off switch can control the electric of the car.

[200W Car Power Inverter] This car power inverter has two AC sockets and four USB ports, two USB-A and two type-c interfaces, with an additional cigarette lighter. Power inverter can convert the 12V DC of a car into 110V AC to charge electronic devices with a power of 200W or more.

Car Power Inverter: 200W Car power inverter? This Car power converter is equipped with 2 U.S. standard AC outlets, 4 USB charging ports, DC 12V to AC 110V converter, perfect for charging electronic devices such as laptops, tablets, cell phones, Christmas gifts, light strings and so on.

Quiet and High Efficiency? Our car power inverter is designed to be quiet and efficient, ensuring a peaceful and safe driving experience.
