

Grenada soft solar panel manufacturers export

Solar modules produced in Grenada can be sold in Jamaica, Barbados, or Trinidad and Tobago without incurring import duties or tariffs. This framework creates a domestic market that extends far beyond Grenada's shores, reaching millions of potential customers across the region. A production facility in Grenada is not merely a base for serving the local market; it is a key that unlocks preferential access to an entire economic bloc of 15 member states. This strategic position transforms a national business plan into a regional export strategy from day one. Manufacturing We specialise in end-to-end delivery and distribution, as well as project management and support. Contact us today to see how we can help you get off grid in The Caribbean and Grenada.
