

How to view base station channels in Zimbabwe

How many new radio stations are there in Zimbabwe? Yay! 12 new stations but according to the Minister 6 of those are going to be reserved for the national broadcaster the Zimbabwe Broadcasting Corporation (ZBC). On this, I am split because on one hand there are services that ZBC could provide that some private players might not be able to. An example of one of these areas is e-learning. Why did most Zimbabweans not have access to DStv? Most Zimbabweans did not have access because they needed either a DStv decoder or a set top box that was hard to come by. Well, that set top box is scarce no more. BAZ is stocked up to the rafters. We got a chance to see the little set top box up close and personal. Where can I buy a Zim digital decoder? ZimDigital decoders are available on Pindula Market for US\$30 or the ZiG equivalent. Click the highlighted text to buy one. Journalist Hopewell Chin'ono said all the TV channels on the ZimDigital decoder are linked to the government and ZANU PF system. What happened to ZTN & 3ktv in Zimbabwe? After decades with just one TV channel and a handful radio stations, the gates were cracked open and a few new players snuck in. The Broadcasting Authority of Zimbabwe (BAZ) licensed a number of players and some of them have been broadcasting for a little while now. You might have heard about ZTN and 3ktv. The full list looks like this: Is DStv a good option in Zimbabwe? You will note that even on DStv, most channels are in standard definition. So, all HD channels in Zimbabwe is great. If you want to get in on the action, you can get the set-top box, antenna and all its cables for \$30 or the ZiG equivalent. It's available on the Techzim Market as well, click here to grab one and it will direct you to WhatsApp. ZimDigital Decoder, Offering All Local TV Channels The Broadcasting Authority of Zimbabwe (BAZ), Transmedia and local Television broadcasters are selling the ZimDigital decoder which offers Zimbabweans access to all local TV channels in full HD.
