Thanks again guys. Off Your Grid is a great company to deal with. I originally bought a River Mini and Bag from them and have since made other purchases including a Solar Panel and Cables. The EcoFlow products are so well thought out and have been a welcome addition to our holidays, camping trips and many other uses on a day to day basis. Should I buy off your grid? Would definitely purchase from Off Your Grid in the future. Brilliant gadget does exactly what I need of it. Customer care was outstanding and greatly appreciated. Rang on a Friday (before a Bank holiday) if it's possible to collect it as I wanted to take it with me over the weekend. I was looked after and collect it Saturday morning.
