

## Outdoor All-in-One Energy Storage System

Our solution is an all-in-one package: Battery packs, charge controller, BMS, EMS, and PcS, all integrated into a single unit with a highly efficient three-level topology to optimize system efficiency. It features a unique single-group and series design that eliminates parallel capacity loss. Hubble Energy's Outdoor and Container Solutions are fully integrated, all-in-one energy solutions designed for reliable off-grid and backup power in even the most demanding environments, whether in agriculture, manufacturing, eco-tourism, or SME operations. Each unit combines high-performance A compact, pre-wired enclosure that houses both battery and inverter -- simplifying installation and saving space for residential and light commercial projects. The FlexTower is for your integrated energy storage system. Built on the foundation of the DuraRack battery cabinet, the FlexTower combines Stars Series 258kWh Cabinet ESS delivers safe, efficient, and scalable energy for C& I, renewables, and EV charging. It features >89% efficiency, smart EMS, liquid cooling, and dual fire protection in a compact all-in-one design. Commercial & Industrial (C& I) Energy Management Peak shaving, demand FlexTower: Top enclosure holds either (1) Fortress Power True Envy 8kW, 10kW, or 12kW, Sol-Ark 12 or Sol-Ark 15K inverter and is coupled with the lower DuraRack Outdoor Battery enclosure to support indoor and outdoor installations (IP65/Nema 3R) up to 60kW of inverter power and 81kWh of storage. Outdoor Energy Storage Cabinet: 105KW/215KWh With NextG Power's Outdoor Energy Storage Cabinet, scalability and adaptability are at your fingertips. Whether starting with a single unit or planning a multi-cabinet network, our solution grows with your 100KW/215KWh All-in-One Outdoor Lithium Inverter Battery Our solution is an all-in-one package: Battery packs, charge controller, BMS, EMS, and PcS, all integrated into a single unit with a highly efficient three-level topology to optimize system Outdoor Energy Solutions | All In One Container Storage Each unit combines high-performance lithium batteries, hybrid inverters, and MPPT charge controllers in a single outdoor ready enclosure, allowing for fast installation, minimal site FlexTower Enclosure | All-in-One Energy System Built on the foundation of the DuraRack battery cabinet, the FlexTower combines the battery, charge controller, and inverter into a single unit with 258kWh Outdoor All-in-one ESS Cabinet Stars Series 258kWh Cabinet ESS delivers safe, efficient, and scalable energy for C& I, renewables, and EV charging. It features >89% efficiency, smart EMS, liquid cooling, and dual fire protection in a compact all-in-one Fortress Power > Outdoor Rated All-in-One Energy Built on the foundation of the DuraRack battery cabinet, the FlexTower combines the battery, charge controller, and inverter into a single unit with an LCD control panel, and remote monitoring capability. The FlexTower is 100 kWh-500kWh Outdoor All-in-one Energy The

## Outdoor All-in-One Energy Storage System

commercial solar battery storage system is loaded with cell modules, PCS, photovoltaic controller (MPPT) (optional), EMS management system, fire protection system, temperature control system and monitoring system. Outdoor Energy Storage All-in-one Cabinet

What is an Outdoor Energy Storage All-in-one Cabinet? An Outdoor Energy Storage All-in-one Cabinet is an integrated power storage system that combines batteries, inverters, cooling systems, and smart monitoring into

Outdoor Energy Storage Cabinet: All-in-One With a robust, outdoor-ready design and advanced Li-ion (LFP) technology, this system is designed to optimize energy efficiency and sustainability. Whether for commercial, industrial, or residential applications, our cabinet Outdoor Energy Storage Cabinet: 105KW/215KWh All-in-One With NextG Power's Outdoor Energy Storage Cabinet, scalability and adaptability are at your fingertips. Whether starting with a single unit or planning a multi-cabinet network, our solution

100KW/215KWh All-in-One Outdoor Lithium Inverter Battery Energy Storage Our solution is an all-in-one package: Battery packs, charge controller, BMS, EMS, and PcS, all integrated into a single unit with a highly efficient three-level topology to optimize system

FlexTower Enclosure | All-in-One Energy System | Fortress Power Built on the foundation of the DuraRack battery cabinet, the FlexTower combines the battery, charge controller, and inverter into a single unit with an LCD control panel, and remote

258kWh Outdoor All-in-one ESS Cabinet | Wenergy Trusted One-Stop Energy Stars Series 258kWh Cabinet ESS delivers safe, efficient, and scalable energy for C& I, renewables, and EV charging. It features &gt;89% efficiency, smart EMS, liquid cooling, and dual

Fortress Power &gt; Outdoor Rated All-in-One Energy Storage System Built on the foundation of the DuraRack battery cabinet, the FlexTower combines the battery, charge controller, and inverter into a single unit with an LCD control panel, and remote

100 kWh-500kWh Outdoor All-in-one Energy Storage Cabinet

The commercial solar battery storage system is loaded with cell modules, PCS, photovoltaic controller (MPPT) (optional), EMS management system, fire protection system, temperature

Outdoor Energy Storage All-in-one Cabinet What is an Outdoor Energy Storage All-in-one Cabinet? An Outdoor Energy Storage All-in-one Cabinet is an integrated power storage system that combines batteries, inverters, cooling

Outdoor Energy Storage Cabinet: All-in-One Solution With a robust, outdoor-ready design and advanced Li-ion (LFP) technology, this system is designed to optimize energy efficiency and sustainability. Whether for commercial, industrial,

100kW 215kWh All-in-One Battery Storage Cabinet (iCON BESS) Offer a universal interface for communication between All-in-one systems and SCADA or EMS. The liquid cooling system is small in size and equipped on each rack. compare to air cooling,

Outdoor Energy Storage Cabinet: 105KW/215KWh All-in-One With NextG Power's Outdoor Energy Storage Cabinet, scalability and adaptability are at your fingertips. Whether starting with a single unit or planning a multi-cabinet network, our solution

100kW 215kWh All-in-One Battery Storage Cabinet (iCON BESS) Offer a universal interface for communication between All-in-one systems and SCADA or EMS. The liquid cooling system is small in size and equipped on each rack. compare to air cooling,
