

# Phase Change Energy Storage Equipment Solutions Company

Phase Change Energy Solutions is a series C company based in Asheboro (United States), founded in by Byron Owens and Reyad Sawafta. It operates as a Developer of thermal energy storage and heating products. Phase Change Solutions is a global leader in temperature control and energy-efficient solutions, using phase change materials that stabilize temperatures across a wide range of applications. Customers across transportation of perishables and pharmaceuticals, buildings and structures, telecom and Smart Phases (DBA Novacab) provides a wide range of innovative products to meet the needs of every customer. From initial design to final quality assurance processes, we make sure our goods are reliable and exceptional. We're proud to be one of the best-known names in the industry. Get in touch to Our technology engages bio-based phase change materials, enabling us to craft highly efficient and eco-friendly Thermal Batteries. PhaseStor, with over 35 years of unwavering dedication, has been at the forefront of thermal energy Storage technologies. Our commitment to sustainable future extends Phase Change Energy Solutions is a series C company based in Asheboro (United States), founded in by Byron Owens and Reyad Sawafta. It operates as a Developer of thermal energy storage and heating products. Phase Change Energy Solutions has raised \$187K in funding from investors like GAF Insolcorp delivers transformative solutions to Energy, Comfort, Resilience and Temperature Management. Clients across the globe choose us due to our breadth of technology and products, delivered with industry changing INNOVATIVE SOLUTIONS. What is PCM? Looking for a solution to your energy or Reduce Cooling Energy Consumption and Costs by Up to 80% With Fusion PCM Cool Storage. Fusion Phase Technologies is a company at the forefront of energy storage innovation, specializing in advanced phase change materials (PCMs) used in its Eutectic PCM Cool Storage Systems. Fusion PCMs are charged Hybrid Energy Storage | Novacab | United StatesHybridization (or smart integration) of Electric Energy Storage (EES) and Thermal Energy Storage (TES) have been integrated into a Hybrid approach in order to optimize energy efficiency and Phasestor Our technology engages bio-based phase change materials, enabling us to craft highly efficient and eco-friendly Thermal Batteries. PhaseStor, with over 35 years of unwavering dedication, Insolcorp, LLC - Thermal Energy. Stored. When these phase change materials are placed in quantity within a building, container or custom application, they will provide a natural and passive cooling effect when melting and provide the Home Fusion Phase Technologies is a company at the forefront of energy storage innovation, specializing in advanced phase change materials (PCMs) used in its Eutectic PCM Cool Storage Systems. What are the phase change energy storage Companies such as Phase Change Energy Solutions, Microtek Laboratories, CPCM, and ENGIE are acknowledged leaders contributing significant advancements in material sciences and energy technology. Phase Change Energy Solutions Company Profile The Company develops, engineers and manufactures innovative energy efficiency and thermal storage solutions using its proprietary and patented phase change material, BioPCM#174;. Phase Phase Change Energy Solutions - Strategic Position & Company Positioned in one of the nation's most research-rich communities, PCES has become a global leader and a recognized manufacturer of next
